### **Legislative Update**

Chairman Fox welcomed Leigh Jackson, Legislative Affairs Director, to present a legislative update.

### **Secretary's Remarks**

Secretary Hopkins started off by addressing Senate bill 512 and mentioned the reasoning for moving the Board meeting. He mentioned that the court granted Governor Cooper a temporary injunction for our Board and others who were named in that same Senate bill. As of right now, there are no changes to our Board, any changes will be monitored closely. On the federal level, the continuing resolution passed the House and there is an expectation that it will pass the Senate. On the transportation side, it means business as usual for us at least through January 19, 2024. We would continue to bill FHWA and the Federal Transit Administration and would expect to get through finds as we normally would.

Secretary Hopkins shed light on the Governor's Highway Safety Program. It's the time of year when we have a lot of holidays and along with them comes several driver safety campaigns. Our Governor's Highway Safety Program and law enforcement partners across the state just wrapped up the Halloween Booze It & Lose It campaign, which ran October 23-31, 2023. The focus on this campaign is increasing patrols and checkpoints aimed at keeping impaired drivers off the road. During this campaign, law enforcement conducted 1,900 checkpoints/patrols and issued more than 750 DWI charges. The Thanksgiving Click It or Ticket campaign, focusing on seat belt use and passenger safety, is next week. There will be a kickoff event Monday at Durham County Memorial Stadium. Just around the corner is Christmas and New Year's and we will have a December campaign as well. The Secretary asked everyone to please make good choices when it comes to getting behind the wheel.

Secretary Hopkins then highlighted our Aviation division. Everybody knows that North Carolina is First-in-Flight for a reason. Our Aviation Division continues to be a pioneer in the industry. On October 20, 2023, we took a step toward sustainable aviation with a groundbreaking event for the first electric aircraft chargers in the state. This event was held at the Raleigh Executive Jetport in Sanford, North Carolina. These electric chargers were designed by BETA Technologies, and support charging of aircraft, cars, and trucks at the airport. The Secretary showed a picture of an electric fixed wing airplane. He explained that it is an experimental model that is currently undergoing testing. This airplane has moved down the East Coast on a 20-day trip recently and their goal is to have commercial air taxi and cargo operations by 2025. Two stations are set to be installed early next year.

Secretary Hopkins reminded everyone about the deadline to apply for 2023-2024 HBCU and Minority Serving Institutions Transportation Scholarship Program is this Friday at midnight. This scholarship provides \$2,500 in financial assistance to students pursuing undergraduate and graduate degrees in transportation-related fields at a North Carolina HBCU or MSI. This is a great way to connect with the future talent in the industry and hopefully get them to join us here at NCDOT. You can find more details and the application form on our website.

Lastly, Secretary Hopkins addressed that this past Saturday was Veterans Day. While state employees observed that holiday on Friday, he wanted to take time today to thank our veterans for the sacrifices they have made to protect our many freedoms. NCDOT proudly supports our nation's heroes and many of our employees are veterans. If you follow our social media pages, you've seen some of them highlighted over the past week. The department has been recognized as a military friendly employer and gives preference to qualified veterans applying for careers with the agency. So if you're a military veteran and looking to join our team, be sure to check out the [NCDOT Careers](#) webpage. Our comms team's spotlight video this month is fittingly about the heroics displayed by NCDOT's General Counsel, Daniel Johnson. The video was played to those in the room and streaming online. The Secretary thanked Daniel and all the veterans at NCDOT for their service.
