The preceding statutory and regulatory cites hereinafter are referred to as the “Acts” and “Regulations,” respectively.

Although not applicable to Recipients directly, there are certain Executive Orders and relevant guidance that direct action by Federal agencies regarding their federally assisted programs and activities to which compliance is required by Recipients to ensure Federal agencies carry out their responsibilities. Executive Order 12898 (1995), entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” emphasizes that Federal agencies should use existing laws to achieve Environmental Justice, in particular Title VI, to ensure nondiscrimination against minority populations. Recipients should be aware that certain Title VI matters raise Environmental Justice concerns and FMCSA intends that all Recipients evaluate and revise existing procedures (as appropriate) to address and implement Environmental Justice considerations. See the following FHWA website for more information and facts about Environmental Justice: http://www.fhwa.dot.gov/environment/environmental_justice/index.cfm

Additionally, Executive Order 13166 (2001) on Limited English Proficiency, according to the U.S. Department of Justice in its Policy Guidance Document dated August 16, 2000 (65 Fed. Reg. at 50123), clarifies the responsibilities associated with the “*application of Title VI’s prohibition on national origin discrimination when information is provided only in English to persons with limited English proficiency.*” When receiving Federal funds Recipients are expected to conduct a Four-Factor Analysis to prevent discrimination based on National Origin. (See also U.S. DOT’s “*Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons,*” dated December 14, 2005, (70 Fed. Reg. at 74087 to 74100); the Guidance is a useful resource when performing a Four-Factor Analysis).

General Assurances

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, national origin, sex, age, disability, low-income, or LEP be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from DOT, including the FMCSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973) by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurances, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted **FMCSA Program**:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in 49 C.F.R. §§ 21.23 (b) and 21.23 (e) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations;
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with the FMCSA Program and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

“The North Carolina Department of Transportation, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, all contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of the owner’s race, color, national origin, sex, age, disability, income-level, or LEP in consideration for an award.”;

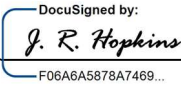

3. The Recipient will insert the clauses of Appendix A and E of this Assurance in every contract or agreement subject to the Acts and the Regulations;

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient;
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith;
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property;
7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, *North Carolina Department of Transportation* also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing the **FMCSA** access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by the **FMCSA**. You must keep records, reports, and submit the material for review upon request to **FMCSA**, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

North Carolina Department of Transportation gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the Department of Transportation under the **FMCSA Program**. This ASSURANCE is binding on [insert State], other recipients, sub-recipients, subgrantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the **FMCSA Program**. The person (s) signing below is authorized to sign this ASSURANCE on behalf of the Recipient.

Dissemination of Information

The DMV issues numerous new releases each year that are of interest to the general public related to drivers licensing, vehicle licensing and services, safety, local office changes, and DMV projects. DMV publishes two versions of its Driver's Handbook, including a Spanish version. To comply with Executive Order 13166 and the US DOT's Limited English Proficiency guidance, NCDOT Title VI staff coordinated with the DMV identified vital documents for translation and in what languages to translate these documents. Factors considered included demographic data identifying what language groups are concentrated in, or served by, particular DMV divisions and offices.

Coordination with the DMV resulted in the DMV providing auto tests in 9 languages, with other tests (CDL and motorcycle) provided in both English and Spanish. DMV signage has also been posted in high traffic LEP offices in various languages across the state. NCDOT Title VI staff helped to identify limited English groups and has assisted DMV with providing any necessary LEP assistance. NCDOT will work with DMV to ensure a language line is useful in helping individuals who walk-in and require on-demand language assistance. DMV provides interpretation through Lionbridge Telephonic Interpretation Services, which is available 24 hours, 7 days a week. NCDOT Title VI staff will continue to work with DMV throughout FFY24 to provide support and resources to limited English proficiency individuals.

DMV driver services has implemented UbiDuo 3 which enables deaf, hard of hearing and non-verbal people to communicate with hearing people without any barriers. The UniDou 3 is a two screen, two keyboard electronic face-to face communication device that's completely portable wireless and operates in real-time. In addition, QR codes are being added to signs and posters which will allow customers to access Division web content including pages displayed in the customers native language or their web browser settings.

VI. Subrecipient Compliance Reports

The NC DMV does not have federally assisted sub-recipients established through a Notice of Funding Availability and application process. The DMV does have state-funded contractual relationships with 116 License Plate Agencies (LPA) and two vendors who enter into contracts with auto dealers across North Carolina. NCDOT Title VI staff has worked with the DMV to complete the following:

- Ensure DMV's Title VI Liaison(s) monitor and verify that the nondiscrimination language is included, as outlined, in all contracts and agreements, regardless of funding source
- Ensure active contracts the nondiscrimination language from Appendix A and Appendix E to the contractor as an addendum, with a requirement for the contractor to indicate (by initial) receipt and understanding of their nondiscrimination obligations.

VII. Training

NCDOT's Office of Civil Rights, Title VI Section has developed an online Title VI Nondiscrimination Training for all DMV employees and contractors. The training is an annual requirement for all employees and has been completed by most DMV employees (**See Appendix A**). The training includes an overview of Title VI of the Civil Rights Act of 1964 and related nondiscrimination authorities, along with NCDOT's Policy Statement. The training highlights all Title VI components and explains how Title VI applies to the DMV. The training also covers the complaints process of both the Department as a whole and DMV internally.

Additionally, the Title VI staff is in the process of developing an online cultural competence and customer service training that will include best practices to be implemented on a daily basis. Training may initially be conducted in-person or virtually, interactive PowerPoint presentation by the Title VI staff. The compliance review is conducted, the Title VI staff will work with DMV to implement future trainings as needed in areas as shown below:

Staff Training – Training will be provided to all DMV staff online or by Title VI staff in person at division locations throughout the state on at least an **annual** basis.

Title VI Liaison Training – Training will be provided as needed to the DMV Title VI Liaison Officer and all other staff identified by the DMV Title VI Liaison Officer utilizing meetings and one-on-one sessions. It is also an opportunity to provide individualized and specialized training related to Title VI Nondiscrimination Program requirements.

New Employee Orientation – Training which provides an overview of the Title VI Nondiscrimination Program and policies will be provided for all new DMV examiners and LPA employees within **30 days of hire**.

LPA Training – Training will be provided to all LPAs on at least a regular basis, to provide them with information on the Department's Title VI Nondiscrimination Policy and their obligations as recipients of funds from NCDOT DMV. This training will be provided in a suitable format to be determined. Due to high employee turnover at LPA offices, further training may be necessary. The Title VI Program and the DMV continue to monitor this situation closely and make any necessary adjustments.

Training Certification – Every DMV division manager and LPA contractor will be responsible for ensuring that all employees complete Title VI Program training when assigned or offered. In-person trainings will be

certified using sign-in sheets. Online training will be recorded by the Learning Management System (LMS) for DMV employees. LPA contractor employees and LPA contractors who receive in-person training utilizing the Learning Center will sign a certification showing they completed the training. Field Managers will retain a copy of those certifications. DMV's Title VI Liaison Officer will be asked to provide training records to the Title VI Program for federal reporting purposes.

VIII. Complaint Disposition Process

PURPOSE

The complaint procedures outlined herein apply to NCDOT (e.g., DMV), its contractors (e.g., consultants, License Plate Agencies, etc.), and sub-recipients (e.g., transit systems, MPOs, universities, counties). These procedures describe the process used by the NCDOT Office of Civil Rights' (OCR) Title VI Program to process complaints under Title VI of the Civil Rights Act of 1964 and related nondiscrimination authorities, and covers complaints based on race, color, national origin, sex, age, disability, income status, and Limited English Proficiency (LEP). **Note:** Religion is covered under NCDOT Right of Way activities and programs funded by the Federal Aviation Administration (FAA), not FMCSA programs.

NCDOT will make every effort to obtain early resolution of complaints at the lowest level possible. Complaints of alleged discrimination will be investigated by the appropriate authority. The option of informal mediation between the affected parties and NCDOT staff may be utilized for resolution. Upon completion of each investigation, OCR staff will inform complainants of all avenues of appeal.

COMPLAINT INTAKE

1. **Initial Contact** – As a resource, the Title VI Program will provide complainants with an explanation of filing options, information concerning the discrimination complaint process and a Discrimination Complaint Form.
2. **Complaint Appraisal**
 - a. The Title VI Program will review complaints upon receipt to ensure that the relevant information is provided, the complaint is timely, and satisfies jurisdictional requirements.
 - b. All complaints shall be investigated unless:
 - The complaint is withdrawn.
 - The complainant fails to provide required information in a timely manner.
 - The complaint is not filed timely.
 - c. Any issues that do not involve discrimination or are not based on a protected basis will be directed to the appropriate entity. Under no circumstances will complainants be discouraged from filing a complaint.
 - d. The Title VI Program will investigate all discrimination complaints filed against NCDOT DMV's contractors (and any sub-recipients), including subcontractors and consultants.
 - e. As per FMCSA's Title VI Program requirements, discrimination complaints filed against the DMV will also be investigated by the Title VI Program. **Note:** Until otherwise directed, complaints filed against other NCDOT business units will be forwarded to the appropriate federal agency (e.g., Federal Highway Administration) for processing and investigation, and the complainant will be notified that the complaint has been forwarded.

DMV COMPLAINT ROUTING PROCESS

1. All **written** discrimination complaints received on NCDOT's Discrimination Complaint Form by a DMV office or contractor shall be immediately sent to the DMV's Title VI Liaison Officer (James Brittingham) at DMV headquarters within 24 hours of receiving the complaint. Potential complaints in letter format shall be sent to each designated Section or DMV Title VI contact and, if determined to *possibly* be a discrimination complaint, then immediately sent to DMV's Title VI Liaison.
2. Upon receipt of a possible discrimination complaint against DMV or its contractors, the DMV Title VI Liaison Officer will promptly log the complaint on a DMV complaint tracking log (**Appendix C**). **Note:** The DMV will ensure that its complaint tracking log will be available to Title VI staff during compliance reviews and at other times when requested.
3. The DMV Liaison Officer will then forward the complaint form or letter and all pertinent information to the Title VI Program for processing within 1-3 calendar days.
4. Complainants alleging discrimination in person or over the phone shall be referred to the Title VI Program at 919-508-1808 or via email by the DMV official who receives the complaint. **Note:** The DMV official who referred the complainant to Title VI Program will also inform DMV's Title VI Liaison Officer of the referral via email as determined by DMV's Title VI Liaison.
5. A link to the complaint form will be posted in a visible and readily accessible location on NCDOT's main website.

COMPLAINT NOTIFICATION

1. When a complaint is received, the Title VI Program will provide written acknowledgment to the Complainant, within ten (10) days of receipt of the complaint by certified registered mail. The name of the investigator is provided as well as the complainant's rights under Title VI and related statutes.

2. If the complaint is complete and no additional information is needed, the complainant will also be sent a letter of acceptance along with the Complainant Consent/Release form.
3. If the complaint is incomplete, the Complainant will be contacted in writing or by telephone to obtain the additional information. The complainant will be given 15 calendars days to respond to the request for additional information. Failure to do so may be considered good cause for a determination of no investigative merit.
4. The respondent will be notified by certified mail that he/she has been named in a complaint and provided with his/her rights under Title VI and related statutes. This letter also identifies the investigator's name and informs the respondent that he/she will be contacted for an interview.
5. Within 15 business days from receipt of a complete complaint, the Title VI Program will determine jurisdiction in pursuing the matter and whether the complaint has sufficient merit to warrant investigation. Within five (5) days of this decision, the Title VI Program will notify the Complainant and Respondent, by registered mail, informing them of the decision.
 - a. If the decision is not to investigate the complaint, the notification shall specifically state the reason for the decision.
 - b. If the complaint is to be investigated, the notification shall state the grounds of the NCDOT's jurisdiction, while informing the parties that their full cooperation will be required in gathering additional information and assisting the investigator.
6. The Complainant will be notified that NCDOT will attempt to resolve complaints within 60 calendars days after NCDOT has accepted the completed complaint for investigation.
7. A letter is sent to the Division Engineer when the complainant(s) or respondent(s) are located in a division office. If the parties are located in Headquarters, including DMV, the program manager will be informed that a complaint was filed; the letter will list the names of the parties involved, the basis of the complaint, and the assigned investigator. **Note:** A written response to the allegation(s) in the complaint may also be requested at this time.

COMPLAINT LOG (Appendix D)

1. When a complaint is received by the Title VI Program, the complaint will be entered into the Discrimination Complaint Log with other pertinent information and assigned a Case Number. (**Note:** All complaints must be logged).
2. The Complaint Log will be maintained by the NCDOT's Civil Rights Office.

INVESTIGATION

1. Investigative Plan

The investigator shall prepare an investigative plan that includes, but is not limited to the following:

- Complainant(s) name and address;
- Respondent(s) name and address;
- Applicable law(s);
- Basis for the complaint;
- Allegations, events, or circumstances that caused the person to believe that he/she has been discriminated against;
- Appropriate information needed to address the issue;
- Name of persons to be interviewed and issues of which they have first-hand knowledge;

- Questions for the complainant, respondent, and witness(es); ☐ Evidence to be obtained during the investigation; and ☐ Remedy sought by the complainant.

2. Conducting the Investigation

- The investigation will address only those issues relevant to the allegations in the complaint.
- Confidentiality will be maintained to the fullest extent possible.
- Interviews will be conducted to obtain the facts and evidence regarding the allegations in the complaint. The investigator will ask questions to elicit information about aspects of the case that the witness can provide firsthand information.
- Interviews may be taped/recorded with the interviewee's consent.
- A chronological contact sheet shall be maintained in the case file throughout the investigation.
- The investigation working papers shall be completed, cross-referenced, and indexed.
- The interviewee may have representation of his/her choice at the interview.

3. Informal Resolution

The Alternative Dispute Resolution (ADR) process is offered as an alternative for resolving Title VI complaints. During the investigative process, the investigator will make every effort to assist the parties with reaching a voluntary, negotiated resolution. During the initial interviews with the complainant and respondent, the investigator will request information regarding specifically requested relief and settlement opportunities. The attempts to resolve complaints using ADR are required by the Alternative Dispute Resolution Act of 1998.

Resolution of DMV Complaints – To coincide with FMCSA complaint disposition procedures, the Title VI Program will, as deemed appropriate, contact the DMV, and seek to determine from the DMV if it is able to informally resolve the allegation(s) short of issuing a Letter of Finding (LOF). If the DMV commits to resolving the allegation(s), the Title VI Program will hold open the complaint giving the DMV time to implement the corrective action(s). Once the DMV has resolved the allegation(s), the Title VI Program will not develop and issue an LOF, will document close-out of the complaint, and will inform the complainant of the decision and why. **Note:** The FMCSA does not have an appeals process for discrimination complaints. If a complainant is not satisfied with NCDOT's disposition of their complaint against the DMV or its funding recipients, the complainant may file a separate complaint directly with the FMCSA. The Title VI Program will apprise the complainant of this option.

4. Investigation Reporting Process

- Within 60 days of starting the investigation, the investigator will complete an investigative report and submit the report and supporting documentation to the Title VI/ and ADA Manager for review. The investigative report should include recommended actions.
- The investigative report should outline the following complaint details: Date of written complaint, contract number, contractor and/or subcontractor name, and the complaint basis (race, color, national origin, etc.).
- The Title VI/ and ADA Manager will review the file and investigative report. Subsequent to the review, will submit the investigative reports, investigative files, and recommended decisions to the Director of OCR.
- Upon the Director's approval, the investigative report and recommended decisions shall be forwarded to the appropriate federal agency for a final agency decision.

CASE FILES

All complaint records and investigative working files will be maintained electronically or in a confidential area within the OCR. Records will be considered working for as long as the related incident, project, or environmental issue is open. When the case is closed, non-transitory records will be placed in a closed case file and kept for at least 7 years, after which they may be destroyed, or deleted if electronic.

IX. Commercial Motor Vehicle (CMV) Inspection Selection & Unbiased Enforcement Policies -

The DMV does not have enforcement authority over CMV inspections. NC SHP has the enforcement authority for CMV inspections in North Carolina.

X. Status of Corrective Actions to Address Deficiencies Identified During Compliance Reviews

The DMV has had no Title VI Program deficiencies identified through any previous reviews by the FMCSA Office of Civil Rights or any other federal agencies. Anticipated compliance review schedules are as follows:

FMCSA – The NCDOT/DMV will be required to submit updates to this Program Plan each year with future FFY grant applications, according to the FMCSA. The FMCSA has implemented an annual Post-Award Title VI Program Compliance Review approach. The FMCSA Office of Civil Rights will choose approximately twenty recipients for desk audit reviews, of which four of those recipients' desk audits will also be accompanied by on-site visits.

NCDOT Office of Civil Rights – The Title VI program has plans to conduct future compliance reviews of the DMV, its field offices, and federal-aid recipients, in accordance with standard NCDOT Title VI review procedures. Review findings and corrective actions will be documented in compliance reports and work plans, the records for which will be maintained by the Title VI Program.

XI. Community Participation Plan

The goal of a Community Participation Plan (CPP) is to facilitate full and meaningful public participation and engagement, by compelling federal-aid recipients to use a coordinated and comprehensive strategy for sustained community collaboration and the collection of ongoing feedback about operations, modifications, and improvements. Development of a CPP is applicable to all program areas that interact with or provide services to the public, particularly in instances where protected populations have been identified and are potentially affected – adversely – by a Departmental project or policy/rule change. The following USDOT Title VI principles will guide NCDOT's community participation process:

- Targeted Outreach: Developing a Stakeholders List and engaging in targeted and direct outreach with numerous key stakeholders, advocacy groups, community-based organizations, or other representatives of the affected or potentially affected communities.
- Meaningful Education: Implementing measures designed to disseminate information and provide education – in clear, plain, and accessible language – to affected communities.
- Diverse Communications: Employing diverse communication platforms designed to reach the broadest audience, which shall highlight Title VI obligations and provide contact information for the public to share concerns regarding the proposed activity or program.

- Comprehensive Engagement: Relying on inclusive approaches designed to solicit and maximize participation by representatives or members of affected or potentially affected communities in meaningful and robust engagement.
- Meaningful Participation / Involvement: Obtaining through the receipt, documentation or recording of comments, views, input, and other feedback. Meaningful involvement means (1) people have an opportunity to participate in decisions about activities that may affect them, (2) the public's contribution can influence the agency's decision, (3) their concerns will be considered in the decision-making process, and (4) the decision-makers seek out and facilitate the involvement of those potentially affected.
- Accessibility: Ensuring the public engagement measures are free of linguistic, cultural, economic, and historical barriers that impede or prevent effective public participation in the decision-making process.
Also, complying with Federal civil rights laws that ensure full access for persons with limited English proficiency (LEP) and for persons with disabilities, including with respect to communications materials and facilities.
- Reported Outcomes: Each CPP describes (1) the steps taken to produce meaningful engagement with affected communities, (2) the results of those efforts, and (3) how the affected communities' comments and views are, or will be, incorporated into the decision-making process. Communities will be notified of decisions that affect them and the underlying reasons, including whether alternatives existed, the substance of such alternatives, and the reasons for their rejection.
- Recordkeeping: The full record of the engagement, including demographics of the attendees, comments from affected communities, and the narrative, is maintained and made available to the public upon request, or to OCR or USDOT.
- Title VI Involvement: Title VI staff is notified of planning and public involvement activities when minority, low-income, LEP and other protected populations are potentially affected and the project is, or is potentially, controversial.
- Summary of outreach: NCDOT OCR will forward a summary of the intensive outreach (when conducted) to the FMCSA for the record.

XII. Access to Records

In accordance with 49 CFR 21.9(c), NCDOT, the DMV and its funding recipients shall permit access by the FMCSA and any other federal agency to such of its books, records, accounts, and other sources of information, and any facilities, as may be pertinent to ascertain compliance with Title VI program requirements. Records will be maintained, collected, and made available upon request, or according to a schedule set by the FMCSA. In addition, NCDOT Title VI officials will be granted access to DMV records and facilities, as necessary, including those of DMV funding recipients, to successfully coordinate Title VI activities with FMCSA, and monitor the DMV to ensure compliance with Title VI.

Such records include but are not limited to:

- Reports and work plans documenting compliance reviews and corrective actions.
- A log of possible discrimination complaints forwarded by the DMV to NCDOT Title VI Program.
- Demographic data on participants in the DMV's military training program to document the extent to which minorities and women are beneficiaries of the program.
- Records certifying completion of Title VI Program trainings.
- Contracts, including requests for proposals, requests for quotes, or solicitations for bids to verify the inclusion of nondiscrimination clauses.
- Materials translated, where appropriate, into languages other than English.

NCDOT and the DMV will also make available to participants, beneficiaries, and other interested persons, such information regarding Title VI and its applicability to the DMV, as necessary, to inform such persons of the protections against discrimination assured them under Title VI and other pertinent nondiscrimination authorities (49 CFR 21.9(d)).
